Pre-Planning Information:

Have you ever experienced the stress of a life event that wasn’t planned? Like most life events such as weddings, graduations, retirement, anniversaries, and birthdays we plan out what will take place. The same can now be said with Funerals.

Advantages of Pre-Planning:

- ◆ People can assure themselves that their arrangements can be made the way they wish.
- ◆ Peace of Mind knowing that your family or friends won’t have to make tough decisions on your behalf.
- ◆ Able to make decisions without stress or duress.
- ◆ Can relieve your family of financial burden.
- ◆ Pre-Funding Funeral Arrangements are Tax Free.
- ◆ Our Inflation Proof Plan guarantees Todays Costs...5,10,15,20,25 years down the road.
- ◆ Transfer of Arrangements across the globe.
- ◆ You can decide precisely how you would like your funeral or final disposition to be.
- ◆ Meeting with you Funeral Director to Pre-Plan is Free.

Helpful Tips to Pre-Plan:

- ◆ Discuss your arrangements with your family. A Funeral is not for the person who has passed away, but for their family and friends to honour their life.
- ◆ Sometimes we get into thinking that we don’t need our family to do anything for us, but in fact family members may want to do something for you which may help them with their grieving.
- ◆ Make your arrangements personalized to what best reflects your life and how you want to be remembered.
- ◆ Consider the type of service (graveside, burial, cremation, memorial service), reception, and facility (funeral home, church, house).
- ◆ Discuss with your spouse each others wishes, possibility of internment (graveside, columbarium) next to your spouse at a cemetery.
- ◆ You do not need to pre-fund your funeral arrangements, the most important thing is to write out your wishes with your funeral director, which is entirely free. Get a plan together.
