The McKenzie Family History

Squamish Funeral Chapel Ltd. has been meeting the needs of the Sea to Sky Corridor with its Family Owned & Full Service Funeral Home since 1967.

Our family, The McKenzie Family, has been in the funeral profession for three generations. The first generation funeral directors of our family, Don & Jessie McKenzie, started in the funeral profession in 1946 by working at local funeral homes in Vancouver & West Vancouver.

Their son, George McKenzie (2nd Generation Funeral Director), started working with his parents at their funeral home at the age of 14 answering phones and helping his parents on services at Hollyburn Funeral Home in West Vancouver.

George went on to BCIT where he received his Diploma & License as a Funeral Director & Embalmer in 1982. During his studies he received the "Professionalism Award" for his class year.

In 1988, George & his wife, Mildred McKenzie, bought Squamish Funeral Chapel & installed their own Crematorium to service the Sea to Sky Corridor.

George & Mildred have brought their own special personalized service to the corridor. They believe a funeral is similar to other ceremonies in our lives; such as a graduation ceremony, a wedding, or a baptism, a funeral is a rite of passage by which we recognize an important event that distinguishes our lives.

You can often hear them saying:

"No two people are alike, so no two funerals should be the same"

In recent years, Mildred & George's son, Mark McKenzie, and son-in-law, Geoff Fahlman (3rd generation), have come into the business to add their own caring attributes to the families we serve. Both Mark & Geoff completed and received their funeral director licenses in 2018.

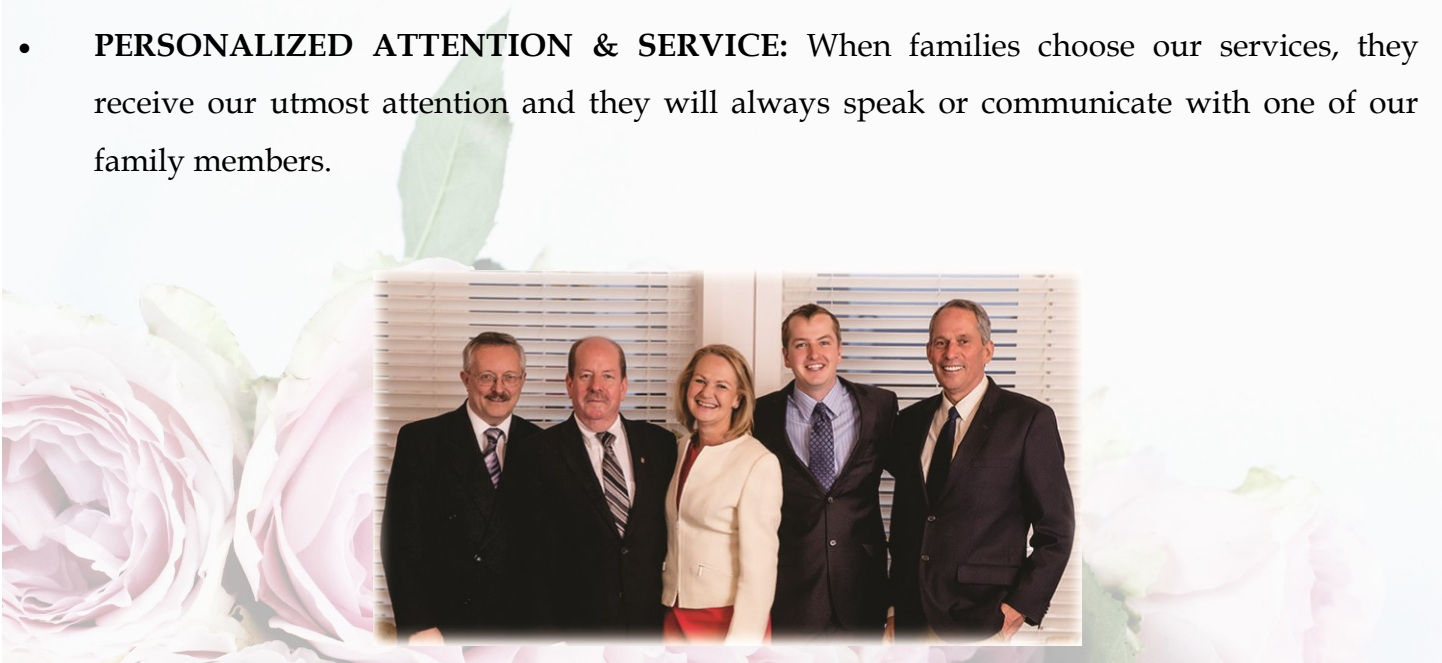

Today, we've gathered together a staff of highly qualified and deeply caring individuals to assist us in continuing the funeral home's mission of providing excellence in service to families in their time of need. We're privileged to serve hundreds of families each year.

We invite you to come to our funeral home, meet our family and to see how we can create a meaningful and memorable service you and your family would be proud of.

The McKenzie Difference

WHY WE'RE DIFFERENT:

- **WE'RE AVAILABLE 24/7:** We actually mean that. No matter the time of day, our family or staff (George, Mildred, Mark, or Geoff) will answer the phone to assist you and your family at a time of need.
- **YOUR LOVED ONE WILL ALWAYS REMAIN IN OUR CARE:** When someone you love dies, you can rest assured your loved one will be brought and cared for at our funeral home. Some funeral homes might shelter a deceased at a warehouse, not us.
- **WE OWN & OPERATE OUR OWN CREMATORIUM:** Our crematorium is located directly at our funeral home in Squamish. You can rest assured your loved one will always be in our care. Cremations will be handled by either George McKenzie or Geoff Fahlman.
- **CELEBRATION OF LIFE EXPERTS:** We've been planning meaningful & memorable celebrations of life's for decades. See how we can bring peace of mind knowing everything will be planned the way you want it.
- **PERSONALIZED ATTENTION & SERVICE:** When families choose our services, they receive our utmost attention and they will always speak or communicate with one of our family members.

On & Off Site Event Planning:

It is hard to believe that our family has been helping families create memorable services for over 70 years. When families use our services, our funeral directors, aka event planners, sit down and walk every family through the set up to the format of how they would like the celebration of life to flow. We provide helpful tips and solutions to best meet your family's needs.

Such as the set up of our funeral home, the layout of the room, providing speakers with guidance, taking care of the family and their needs, and setting up memorabilia and personal effects.

We also arrange celebrations of life away from our funeral home. On many occasions a family will use our services to set up and plan a celebration of life at a:

- ◆ Hotel
- ◆ An outdoor park
- ◆ A family's home
- ◆ Local community attractions (museums, rec center's, etc...)
- ◆ Care homes

Our services are mobile too if the family wishes to not have a celebration of life at our funeral home.

How We Create Memorable Celebrations of Life

Catering Services:

We have a wide variety of food to choose from with our preferred caterers. From hot food (such as meatballs, quiches, pulled pork) to simple snack trays such as sandwiches, meats, and cheeses. A family favourite is the build your own sandwich bar which includes pulled pork, shredded beef, chicken and lots of toppings to choose from. There are also wonderful dessert trays in which our caterers can make. From sugary crepes, nanaimo bars, cakes, and cookies. Prices vary on people and menu items. We can give a quoted breakdown when arranging with us.

We do not make the food ourselves but use our preferred caterers to supply and deliver food.

Custom Designed Video Tributes:

Our owner & funeral director, Mildred McKenzie, creates beautiful and lasting video tributes. She custom designs the photos and music to piece together perfectly to help share and relive those memories of your loved one.

We ask for 50-60 photos and three pieces of music. Usual length of the video is between 13-15 minutes long.

Online Memorial Pages:

For every family we serve, we provide a free online memorial page on our website. This memorial page will show the celebration of life details and allow family and friends to write condolences or stories to the family.

Also, photos can be uploaded of the deceased to the page for people to see, as well as donations can be placed to a charity of choice. Likewise, flowers can be ordered directly on the page that can be delivered directly to us for the celebration of life.
